

SERVIZI EFFICACI E DI QUALITÀ A 360°

La sola superficie del cantiere principale di Su Arrasolu si estende su una superficie di **27 MILA** metri quadrati coperti e **32 MILA** SCOPERTI.

The surface of the main shipyard of Su Arrasolu alone extends on a **27,000 SQUARE METER** covered area and **32,000** not covered.

In a dream of a spot, Sardinia is the background of the plants of the headquarters of Sno (Olbia) and of several branches thereof located in the most exclusive spots (Porto Cervo, Porto Rotondo, Puntaldia). But many offices are located in just as beautiful places along the Italian peninsula, from Rome, Fano, and Lavagna reaching Montecarlo.

Many offices but all with the same objective: to provide efficient, quality services at 360 degrees.

This is what Sno offers, in fact it is comprised of everything a ship owner needs: from financial advice, to the sale of a boat (prestigious brands), from yacht management to maintenance and refitting. Andrea and Francesco Pirro, the founders of the group, are increasingly satisfied with the work that has been done to now and of projects completed, like the enlargement of the Olbia shipyard (located at Su Arrasolu) dedicated to superyachts of up to 60 feet.

In particular, at the Su Arrasolu shipyard - built on a 27,000 square meter covered surface and 32,000 uncovered - there are 500 meters of lin-
